

March 24, 2020

Dear Valued Customers,

As a critical component supplier to the Medical and Defense industries, Seaway Plastics Engineering is in operation to support projects during this challenging time of uncertainty. If you are searching for a supplier to assist in bringing a new product to the market quickly, Seaway offers the following:

- Engineering Support and CAD Design Assistance
- Domestic In-House Tooling Build Services
- Injection Molding – Small to Large Parts
- Secondary Operations – Painting & Finishing
- Advanced 3D Printing Capabilities

Seaway specializes in supporting new projects from Prototype to Production. We are committed to working with you during this difficult time and will continue to be a reliable partner for our customers.

Please check out our website at [www.seawayplastics.com](http://www.seawayplastics.com)

If you have any questions, please do not hesitate to reach out to me or your customer service representative.

Best Regards,
